"Whatever you now do, whatever you now believe, whatever your current circumstances may be, you are perfectly equipped and fully capable of being who you want and having what you want."

That you haven't already achieved what you want is due *entirely* to what you now believe. To become the capable person you dream of being and to attain your heartfelt desires, the great relationship, the needed possessions, the long-sought-for conditions of good living, you need only change *what you believe about the way to achieve those goals*.

From the author of the popular *Zen and the Art of Happiness* and *The Alcoholism and Addiction Cure*, this effective program for change will show you, step by step, exactly what to do to create the life you want—now—with lasting happiness thrown in as a bonus.

"What you'll learn in these pages is that you can actually reinvent your world," says Chris Prentiss. "You are a powerful being, the most powerful being in your life, and you constantly create your future with your thoughts and actions. By changing your thoughts, you will change your actions and, as a result of natural law, you *will* change your life. This is an exciting, joy-filled journey that you will cherish forever."

This is not simply a book you will read once and put back on the shelf. *Be Who You Want, Have What You Want* will become a companion on your path to a new you, a new life, a new way of being.

You will bless the day this book came into your life.
